The following active BuddyPress Components do not have associated WordPress Pages: **Members, Activity Streams, User Groups.** [Repair](#)

All (10) | Active (10) | Inactive (0) | Must-Use (2) | Retired (1)

Component	Description
<input checked="" type="checkbox"/> Extended Profiles	Customize your community with fully editable profile fields that allow your users to describe themselves.
<input checked="" type="checkbox"/> Account Settings	Allow your users to modify their account and notification settings directly from within their profiles.
<input checked="" type="checkbox"/> Friend Connections	Let your users make connections so they can track the activity of others and focus on the people they care about the most.
<input checked="" type="checkbox"/> Private Messaging	Allow your users to talk to each other directly and in private. Not just limited to one-on-one discussions, messages can be sent between any number of members.
<input checked="" type="checkbox"/> Activity Streams	Global, personal, and group activity streams with threaded commenting, direct posting, favoriting, and @mentions, all with full RSS feed and email notification support.
<input checked="" type="checkbox"/> Notifications	Notify members of relevant activity with a toolbar bubble and/or via email, and allow them to customize their notification settings.
<input checked="" type="checkbox"/> User Groups	Groups allow your users to organize themselves into specific public, private or hidden sections with separate activity streams and member listings.
<input checked="" type="checkbox"/> Site Tracking	Record activity for new posts and comments from your site.
BuddyPress Core	It's what makes time travel BuddyPress possible!
Community Members	Everything in a BuddyPress community revolves around its members.
